Service-Business Clubs Endorse Incorporation

The Dimmer VIEW

by Max Goodwin

Politicians are an odd breed of cats so they will neither understand nor be amused at the position I'm about to assume . . . but my position is mine and I'll jolly well take it where I please.

This particular stand only effects the race for the assembly but if it proves successful, I may expand its use elsewhere.

I'm going on like this for two reasons. The first being retribution to the ingrates whom I supported during the primaries. These rascals, every mother's son of them, lost. I suspect that they may have lost deliberately just to prove my idiocy in having supported them. Anyhow, after I totaled up the slate and found I had batted 100%, this being the degree of my error in the primaries, I, in a fit of temper, promised to put the hex on both of the successful candidates for the 77th assembly chair for defeating my personal choice, John Gibson. This I planned to do by supporting both of them in November which viewed in light of my primary successes would cause both of them to lose and give this district the exquisite pleasure of having better representation than it has ever had.

The other reason is that Democratic candidate Sheridan Hegland, and Republican Assemblyman Ed Bulen have given me, and other editors, good reason for non-support. Bulen got himself foolishly entangled with the law on a wage splitting charge of which he was later found not-guilty of dishonesty but left much to be desired as to his judgment. Hegland has never held the office but his penchant for permitting a meeting of the minds, and then being totally and completely absent when the commitments come due, has almost caused me to slash my throat in frustration on more than one occasion.

This is why another candidate, a man of sound mind and good morals appeals to me as assemblyman. The decision came at the recent Mother Goose Parade press party which leaders of the El Cajon event tossed last week at the Town and Country Club club house. I had a chance, amid fine drinks and splendidly rich food, the tab for which was picked up by the parade people, to sit and chat with an old acquaintance, Jack Schrade, who is president of the Mother Goose event. Schade is additionally running for the assembly in the 80th District for the seat recently vacated by Ralph Cloyed.

To make this story a bit shorter, I insisted to Schrade that I support him. Now Lemon Grove is not in his district. Actually the district covers El Cajon and hooks down into the south bay area. No Review reader could vote for Schrade even if he desired. It is also unlikely that the 77th District will ever be in the 80th, nor that Schrade would ever run for anything in the 77th. But Jack promised me solemnly and sincerely that if we ever shifted to his district, and if he was still in politics, and if he was still head of the Mother Goose affair, he would route the parade so that it would wind up in Lemon Grove.

I'm a suspicious soul by nature, and not one easily taken in by a politician's promise but in spite of the cross country hike it would cause the paraders, Schrade's campaign promise makes more sense to me than any other to date.

Rotary to Acquire Data on Local Government

The directors of the Lemon Grove Rotary Club at a special meeting on Monday authorized their Community Service Committee to undertake an exhaustive study of the various means of local government. The directors, all of whom are business men in Lemon Grove as well as property owners, feel that it is impractical to endorse or encourage any particular method of local government without first having all of the pertinent data compiled by responsible and impartial sources. Such information, they feel, should be obtained from authorized officials who can be identified and that their names be made known as the source of information.

The Community Service Committee is under the chairmanship of William P. Zilker who has announced that work will begin immediately. The Committee, Zilker said, will make an impartial report to the Rotary Club and will be in a simple comparative form covering every conceivable service that might be expected. The report will indicate how this service can be obtained and at what cost under the existing form of government, as well as under an incorporated basis, and also, what similar services would cost under annexation to San Diego.

The members of Rotary, will make the report available to any one who wants facts on community future.

The Mason LINE

by Chan Mason

The Mason Line will be missing from it's customary location in the Review for the next two weeks because the column's editor, Channing Mason, required another vacation.

The columnist, together with his family, is communing with nature and indulging in fights-to-the-finish with brook trout in the mountain region.

Kiwanis-Lions Charity Game To Be Played September 19

September 19 has been set for the date of the annual Kiwanis-Lions baseball game and as usual, charity will benefit.

The Sunday afternoon baseball classic will be played for funds for the Lemon Grove Swimming Pool Association and the athletes of the two clubs are limbering up for the fray.

The last game, played last fall under the then new school playground lights, was won handily by the Kiwanis Club. It is probable, say the Kiwanis, that they will win again. "Results of clean living," they aver.

Several special events in conjunction with the game will be announced soon according to Arva Piepenbrink, chairman of the committee of the swimming pool roup.

Church-School Group Meets Again on Local Problems

Second meeting of combined representatives of the Foothills Ministerial Association, and leaders of area P-TAs was held Tuesday at the Junior High Cafetorium.

Continuing study of crime and moral letdown of the local area again came under close scrutiny.

Missing at this meeting was Rev. LeRoy Elster whose unexpected illness took him from the pulpit of the Monterey Heights Lutheran Church last Sunday. In last week's report of the initial meeting Rev. Elster's name was inadvertantly omitted from the caption of a front page picture taken at the event.

Rev. Don Cooke, pastor of the Lemon Grove Methodist Church and chairman of the group, said that another meeting would be held in two weeks.

School Board Seats Bert Cosby, New Member

The contracting firm of Rugger and Foster were awarded the contract for 8 new classrooms at San Miguel School.

The Lemon Grove School Board at its regular meeting Tuesday night said that work would get underway almost immediately on the $119,811.00 project.

The board also announced that work would be started this week on 4 new classrooms for Vista La Mesa.

The 5 class room addition on School Lane will be completed in late September.

Bert Cosby, 8277 Golden Ave., who was appointed by Dr. Cecil Hardesty to replace Harry Griffen, was seated for the first time.

MONTEREY HEIGHTS WATER LINES TO BE FLUSHED WEDNESDAY

Water lines in Monterey Heights will be flushed Wednesday the Water Works announced this week.

Homemakers who expect to do the family washing on that date should defer it until the water clears, the department suggests.

A recent issue of the San Diego Union carried an article on the LA MESA - LEMON GROVE SCHOOL DISTRICT (?). It would appear to us that incorporation in the wrong direction happened over the week-end—we thought twilight sleep was outmoded but apparently not.

In the Art Exhibit displayed at the recent County Fair at Del Mar two portraits in oil by Earl Schrack, one of President Eisenhower and the other of Mrs. Eisenhower, caused some controversial comment from the fact they were painted from photographs. The opportunity to paint these eminent people is not given to many artists, and we see no reason why such recourse should be criticized. Painting from photographs (which are two dimensional) is doing it the hard way. Although the pose and background is the photographer's, the picture itself is the artist's, and if the portraits are lifelike, the artist is entitled to all credit. Not so long ago a banker asked our opinion on a recently painted portrait of himself—we remarked that if it showed some blood under the skin it would be a real picture—which wasn't the polite thing to say to a banker.

We have in San Diego an up and coming guest conductor of the San Diego Summer Symphony—Robert Shaw. We rather think that he made the Symphony Association sit up and take notice. In addition to being a dynamic conductor he made a few pertinent comments (after the style of Sir Thomas Beecham) at a fund raising banquet. One of his remarks was that a real musician has to be an amateur—and that it is a necessary part of being human to seek, treasure and transit values beyond one's mortal limits.

This week's TRUE STORY. A

Chamber's Public Meeting to Be Held Tuesday

A record turnout was being planned this week for the Chamber of Commerce sponsored Annexation - Incorporation public meeting scheduled for Tuesday at the Junior High School Cafetorium.

A committee of the chamber is indeavoring to line up authorities on the subject of civic community make-up to answer questions.

Zelda Vernier, Chamber president, said that the meeting would be conducted as an open forum. Explanation of two types of community government will be made before the question and answer period is reached. Definitely scheduled so far are Richard Milbrodt and Robert Gauldin, both scheduled to explain incorporation. A city of San Diego official will be on hand to discuss annexation, according to the committee.

The meeting is open to all residents of Lemon Grove as well as property and business owners.

Service-Business Groups Band to Promote Incorporation

A joint meeting of about 150 Lions-Lionesses, Kiwanis-Kiwanianes and the Business Women's League heard a panel of local experts discuss incorporation and other forms of government Thursday night at Michael's and decided that incorporation was the way it should be.

The Kiwanis, already having endorsed incorporation, heard the Lions and Business Women's League give it an unqualified "aye." The clubs followed the leadership set by the Chamber of Commerce board of directors which, in an unprecedented move, unanimously endorsed incorporation earlier in the week.

The panel was made up of Dr. Frank McKenney, Robert Gauldin, Reverend Dan Apra, Clarence Allen, Vista La Mesa school principal; Richard Milbrodt, who had worked with the Citizen's Committee which developed last year's study on incorporation; and Barbara Howell, local businesswoman. The panel was moderated by Max Goodwin, editor of the Review.

Gauldin said that a tremendous loss of income would result if the move were delayed. "We must incorporate in time to share in the disbursement of auto and gas tax money," he stated.

Clarence Allen said that double school taxation could result if the city board of education made good their demand to require annexed areas to join the city system and share in the pro-rata bonded indebtedness.

Dr. McKenney claimed that any change would be expensive but favored the experience of San Diego city authorities to incorporation.

Rev. Apra pointed out that moral conditions would worsen unless policing, best supplied by a local government, was provided. "The barflies are already beginning to gravitate to Lemon Grove because they know that other than cafe-owner supervision, practically no policing is provided. Henry Goldy, operator of Michael's, said from the floor that he was daily turning away patronage of this type who, he agreed, was attempting to make a beach-head here.

Late last week the Board of Fire Commissioners also joined in the movement for incorporation by issuing the following resolution:

WHEREAS; the Board of Fire Commissioners of the Lemon Grove Fire Protection District believe that the Lemon Grove Fire District is one of the most efficient in the County of San Diego as reflected by the rating awarded by the State Board of Fire Underwriters, and

Whereas; the Board believes that the personnel of the Fire Department is one of the best that can be obtained and that the factor of each Fireman residing within the fire district is very important, and

Whereas; Lemon Grove fire rates are next to the lowest in the County of San Diego with the prospect of a lower rate within the near future, and

Whereas; The Lemon Grove Fire Department is one of the best equipped and housed departments in the County of San Diego, and

Whereas; The Lemon Grove district is entirely different from most of the City of San Diego respecting fire fighting technique and that the Lemon Grove firemen are specially trained in this respect, and

Whereas; the Board believes that the best interests of the people of the Lemon Grove Fire Protection District will be served, and

Whereas; the Board has made a careful and profound study of the proposition regarding local government, THEREFORE

BE IT RESOLVED that the Commissioners of the Lemon Grove Fire Protection District recommend and approve the proposal that the Fire District be included in the proposal to incorporate the community known as Lemon Grove into a Sixth Class City.

Pet Parade to Have Prizes For All

No youngster who attends school in the Lemon Grove area will be turned away from the first annual Lemon Grove merchant's pet parade Saturday, August 28 when it starts its short but important march down Pacific Street from Buena Vista to School Lane at 2 p.m.

What's more, no youngster will fail to win a prize, as long as the prizes hold out, according to Arva Piepenbrink, Chamber of Commerce representative for the affair.

The rules are simple and requirements easy. Simply put some article of clothing on your favorite pet, and manage to get him or her to march in the parade. There is no restriction as to the kind of pet and prizes will be awarded on the basis of cuteness or unusualness. Contest is restricted however to kids of the area school district.

Judges will be announced by the Chamber of Commerce next week.

The fluttering of stork wings has become a steady drone at the residence of Jerry and Jean Walter, 2984 Buena Vista.

Girl baby No. 5 was delivered to the couple Wednesday, August 4 at 2:11 a.m. at Mercy Hospital. The youngster, named Janet Marie, is thriving and the mother is doing well.

Highlanders Opening Delayed One Week

Opening of the Highlanders, men's wear shop in the new Griffen-Zung building between Piggly Wiggly and Sprouse Reitz on Broadway has been delayed one week.

Opening has been rescheduled for Friday, August 20. Building completion and installation of fixtures contributed to the postponement.

Chamber Takes Leadership in List Of Civic Problems

With a spectacular change of pace that left critics of the Lemon Grove Chamber of Commerce gasping, a full schedule of events and actions was either approved or acted upon at last week's meeting.

Already committed to a public meeting on incorporation-annexation Tuesday at 7:30 at the Junior High School Cafetorium, the board of directors unanimously endorsed incorporation for Lemon Grove. "We must give the kind of leadership the community expects of us," said President Zelda Vernier.

Endorsement was also given to a park project developed by president Vernier. If plans jell, a community park will be developed in Monterey Heights near the elementary school.

Plans were also consolidated for a dressed pet parade which will be marched down Pacific Street Saturday afternoon, August 28. Merchants have already agreed to supply prizes and gifts which would guarantee every youngster a prize of some sort.

Also into the works went several suggested plans for Christmas decorations for the Lemon Grove business district. A Nativity Scene will be erected in the plaza by the Business Women's League. A committee headed by Dorothy Louer and Arva Piepenbrink was named to work out the details. A committee will be chosen by the chamber to work with the County Planning Commission regarding enforcement of the ordinance on trailer parks.

At the request of the chamber, the State Highway Department authorized the Lemon Grove Fire Department to clean up and burn trash left in the wake of the houses moved for the new freeway. The Highway Department agreed to pay expenses involved in this project.

A gloomy note was given the meeting when Mrs. Jessie Pearce announced her resignation as secretary. Concensus of opinion was that she had done an outstanding job as secretary. A replacement will be named by Mrs. Vernier at the September meeting.

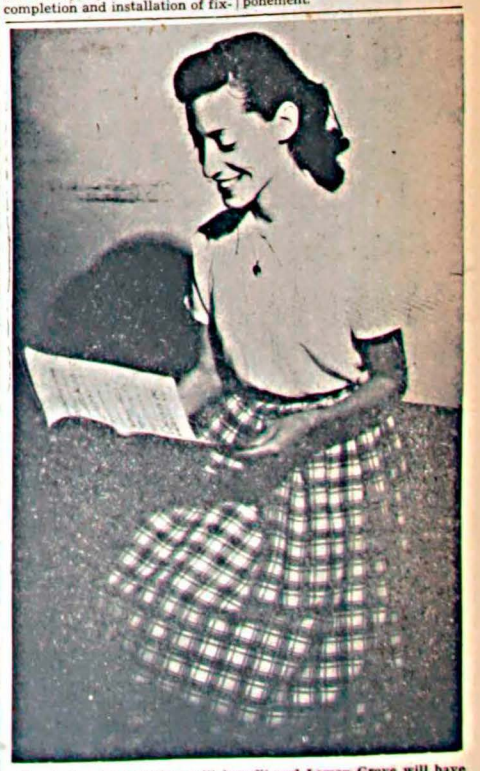
Smoked Pork Carcass Smoke Smokes Smoke House

The local fireboys were not successful in saving some pork at the American Frozen Food Lockers, 8321 Imperial Ave., Saturday when a side of pork, hanging in the smokehouse for preheating, fell across a small preheater stove.

The loss to the structure was small and unestimated. The loss to the pork carcasses was complete.

Owner-operator Paul Beede said that approximately 30 sides of bacon and 25 hams were lost. About half of the meat belonged to Beede, the rest was undergoing treatment for smoking it.

Beede said that the fire department was running hose into the smokehouse almost as soon as he hung up the receiver after having given the call.



Cerebral palsied victims will benefit and Lemon Grove will have a hand in it as Valerie Loustalet, 2520 Washington St., appears in the chorus of "Babes in Toyland," an operetta, presented at Balboa Park August 26 and 27 for the local Cerebral Palsy Foundation.

La Mesan is First Winner in Weekly Photo Contest

Director of the San Diego Choral Club, Mrs. Inez Davenport, 4240 Panaroma Dr., La Mesa, became first winner in the Lemon Grove Camera Shop-Review snapshot contest with the above posed picture of her German Shepherd "Friday" and her white cat "Littlest Angel."

Mrs. Davenport will receive two tickets to the Grove Theatre; a Swedish type cake with a container of Swedish rich chocolate syrup to top it off, and a basketburger dinner at Richie's Drive In Restaurant.

Mrs. Davenport, an amateur photographer, had not planned on the picture being entered in the contest but camera shop manager Bob Vaught has made every picture brought in the shop eligible.

The same three prizes will be given each week to photo winners. Contestants may bring in new photographs, or negatives of old ones. Rules are simple, according to Vaught. Picture must be interesting, nothing more, and it makes no difference whether the film developed at his shop or the film was processed elsewhere.

Mrs. Davenport, surprised at having been chosen initial prize winner said that she normally shops in Lemon Grove because of the ease of parking, and because stamps are given more generally than in La Mesa. She said that her interests were primarily in music. In addition to being director of the choral group, she is Director of Music of the Central Christian Church of San Diego.

Ratner Recommends . . . Here are this week's recommended records by Ratner Electric, 8th and Broadway in downtown San Diego. "If I Didn't Care" and "Betina" by the Hilltoppers (Dot). Also "Danger Signs" and "Au Revoir" by Teresa Brewer (Coral).

Delay . . . Radio's first deejay, Al Jarvis, recently gave his happy little turntable its 1,000,000th spin. When TV-Radio columnist, Hal Humphrey asked him for an anecdote typifying his 20 years in the business, Al said, "Just the other day I received a letter from a woman who claimed she'd been listening to me for 20 years. Just to prove it she returned a postcard I had sent her 20 years ago, acknowledging a request to play a certain tune." "Is that all she wanted to prove?" Humphrey asked. "Oh, no," Jarvis replied. "She wanted to know if I would play the request now, that I didn't play for her 20 years ago."

That Final High One . . . Some singers have a certain dread of one high note that lurks ahead. They brace themselves, they fill their lungs, they wet their lips, they roll their tongues. They gulp one final breath of air and lift their eyes and say a prayer and hope they'll hit it right on key, and so, and just as much, do we.

Record Round-Up . . . Here are this week's top fine pop tunes across the nation as compiled by Ratner's. (1) "Little Things Mean a Lot," Kitty Kallen. (2) "Three Coins in a Fountain," Four Aces. (3) "Sh-Boom" Chords. (4) "Hernando's Hideaway," Archie Bleyer. (5) "The Little Shoemaker," Gaylords.

Newspapers 'Best Ever' Says C.N.P.A.

LOS ANGELES—Reader interest and acceptance of California newspapers are the highest in the 108-year-old history of the business.

This is revealed in the 27th annual edition of the California Newspaper Directory and Rate Book being distributed nationally today by the California Newspaper Publishers Association.

Net paid circulation of CNPA member newspapers is shown as 5,272,604 as against 2,191,453 ten years ago.

"Taking the age-old formula of four readers to a subscription, this means that 20,000,000 readers are served by California's newspapers," declares President Grady Setzler, publisher of the Palo Verde Valley Times at Blythe. "This is a sure index that newspapers continue to be the major mass medium of information in spite of modern complexity of the competition for the reader's time."

CNPA members total 429, of which 311 are weeklies, and 118 are dailies — from the largest metropolitan giant to the smallest country newspapers in the remote mountains, valleys, and deserts. The Lemon Grove Review holds a full membership in the organization.

In spite of unusual increases in costs of production and distribution, the total column inch advertising rate for all member newspapers has increased in ten years from $259.62 to $584.44, keeping newspapers as the most economical and effective advertising medium of modern times.

FISH ARE SMARTER THAN GOLDY--THEY HAVE HIS WORMS TO PROVE IT

The fish dinners at Michael's are cheaper than catching your own and Michael's president, Henry Goldy, will swear to it.

Last week when he took his son Mike on a Hodges Lake fishing trip they weren't skunked, the youngster caught a six inch bluegill.

Other, and more agile fish nibbled away six dollars worth of Goldy's worms and other fishing delicacies.

A radio powered by sunlight. Man's centuries-old dream of getting power directly from the sun has come true at last. Bell Telephone Laboratories has built a *solar battery* that directly and efficiently turns sunlight into usable electricity. Made of highly purified silicon—which comes from common sand—the Bell solar battery can run a small radio set (above) or send voices over telephone wires. Telephone people are still testing it. But chances are good that, once they finish, the Bell solar battery will offer great opportunities for improvement and economies in telephone service. Only at MAYFAIR

Do You Get ALL THREE!

Linda Rubin is a steak shopper for the four men in her family. Her husband, Jack, is a partner in the Arrow Surplus Market on Federal Blvd. in Imig Park, near another Mayfair Market.

"I paid $1.15 for porterhouse steak today," Mrs. Rubin said. "That's cheaper than I expected it to be. We love to shop at Mayfair."

The Rubins live at 6770 Hibiscus and the four men are her husband and three sons, John 6, Larry 3, and Charles, 2.

With part of a growing family in tow, Mrs. Don du Planti, 3651 Kite St., sings the praise of Mayfair Market low prices. "I had been paying 63c for Laura Scudder Peanut Butter. At Mayfair it is 59c and the kids eat pounds of it."

Her husband, Don, is associated with the Midway Auto Parts, an outlet of which is in Lemon Grove. With her are Kathie and Allen, two of the three children she markets for.

Convenience, price, and quality makes a hard-to-beat combination. That is why the huge family of satisfied MAYFAIR shoppers grows and grows.

If you haven't become a regular MAYFAIR patron it's probably only because you've neglected to make the initial visit.

"My family goes for the bakery goods at the Mayfair Swedish bakery," said Mrs. August Bloom, 2061 Eldora St. in Monterey Heights. "Nancy, my daughter, eats all the bake goods I can buy, and asks for more. I like the prices too. It just can't be beat."

Her husband is a technician with the Naval Electronics Laboratory.

A good solid pat on the back for Mayfair air conditioning was registered by Mrs. Manfred Schrupp, 6337 Celia Dr., which is at the west edge of Lemon Grove.

With three boys, Fred, Jim and Dick, ages 14, 10, and 7 respectively, the Shrupp grocery bill is formidable.

"I like the wide aisles, the easy-to-shop meat section, as well as the air conditioning," Mrs. Schrupp said.

Mr. Schrupp is a professor at State College.

A La Mesa couple, Mr. and Mrs. Ralph Carlson, are regulars at the Lemon Grove Mayfair. Carol Carlson, above, said simply, "Mayfair, it's terrific."

The couple resides at 4085 Payson Dr. in La Mesa. Ralph is in civil service while Carol teaches school. The couple have one child, Cynthia, who is six.

"We couldn't do without a Mayfair Market," Mrs. Carlson said.

$10,000 LA JOLLA HANDICAP GOES SATURDAY AT DEL MAR

DEL MAR—Final tuneup for the $15,000 added Del Mar Derby two weeks later, the $10,000 added La Jolla Handicap at one mile for 3-year-olds, headlines Saturday's thoroughbred bill of fare here.

Saturday's card will find the 1954 Del Mar season fast approaching the halfway point, and from the trend of attendance and wagering noted to date, indications point to all records being wiped from the books ere the final bugal call on Sept. 11.

General Bradley to Be 'Kick-Off' Speaker for Community Chest

Announcement was made this week by Robert Sutton, principal of San Miguel School, who is Lemon Grove Chairman, that General Omar N. Bradley, USA, ret., will be guest speaker at a kickoff luncheon to be held September 8 for the Second United Success Drive, according to George A. Scott, chairman.

General Bradley is national campaign chairman of the United Defense Fund-USO, which is a Red Feather agency supported in THE Community Cause.

Occasion for the luncheon will be the first kick-off of the Second United Success Drive of the Pace Setters and the Commerce and Industry division.

In announcing Bradley's appearance, Scott said, "We are honored to have General Bradley as our guest. After serving his country so well in the armed forces, he is now turning his time and talent to the important job of helping our men in uniform through his work for the USO and United Defense Fund.

Immediately following the luncheon, volunteer campaigners in these two divisions will begin their work of campaigning to raise the $1,350,500 which has been set as this year's goal, Scott said.

INSURANCE OFFICE TRAINING PROGRAM TO START IN SEPTEMBER

Women who would like to become insurance office assistants may make application for training in a special work-study program at the San Diego Junior College and Vocational School, 835 12th ave., San Diego. Application forms are available at the Counseling office at the Junior College. The class opens Sept. 13.

The training course, sponsored by the Insurance Agents Association of San Diego, may be completed in one year. After preliminary training, students become eligible for part-time employment in local insurance offices.

Applicants should be high-school graduates, or non-graduates over 18 years of age may earn highschool credits along with their insurance work and receive high school diplomas.

The sponsoring organization has announced that the San Diego area offers many opportunities for profitable employment in insurance offices, and that every effort will be made to secure permanent jobs for women who satisfactorily complete the training course.

There is no tuition fee. Text books, supplies and materials for the year's course will not exceed $10.

Civil Defense

By CHARLES GURLEY

The following recommendation was issued by the County Civil Defense headquarters and so may be considered the best idea yet developed on this subject, in advent of the hydrogen bomb may require residents of San Diego to move to a temporary location by car. To survive for 72 hours, all persons should carry food, clothing, and personal necessities.

It is recommended all persons prepare and maintain the following "Minimum Civil Defense Disaster Kit."

Each car—
- First Aid Kit
- Can Opener
- Pocket Knife
- Shovel

Each Person—
- 1 Gallon Water
- 2 Cans Beans
- 2 Cans Soup
- 2 Cans Tomatoes
- 2 Cans Evaporated Milk
- 1 Roll Toilet Paper
- 1 Blanket
- 1 Spoon

Just one further reminder that there will be no August meeting for Civil Defense in the Lemon Grove area. Our next meeting will be September 7.

Judge Luther Hussey opines that nobody has ever explained just why juvenile delinquency should be so much worse, rate so many headlines and provoke so many cures, while adult delinquency causes no concern.

Lemon Grove Gets New Fire Truck

Lt. Fred Dixon and Engineer James Sanchez and the newest fire wagon. LENOX FOTO for the REVIEW

Lemon Grove accepted delivery from the State of California Office of Civilian Defense for a new GMC, 1000 gallon Pumper Fire Truck when. Lt Fred M. Dixon and Engineer James Sanchez signed for it at Sacramento last week.

Chief Harold L. Hensley said the truck is equipped with the most modern instruments available to fire fighting units today and was assigned to the Lemon Grove Department without cost to the district.

The truck, according to Hensley, will be used to provide mutual aid to other fire districts, multiple alarm fires, fires threatening properties vital to national defense, important military installations, parades and displays, training of regular and auxiliary firemen and as a standby for other apparatus while being repaired.

Lemon Grove, he added, is fortunate in obtaining this equipment, not only as additional protection for the fire district, but to maintain leadership the Lemon Grove Department has attained in training for national defense.

Lemon Grove will be able to provide greater assistance to unprotected areas, according to Tom Parsons, Fire Commissioner. "There are many areas surrounding us that have no fire protection other than the Forestry Department," he said. "Vista La Mesa, for instance, has no fire protection and we feel morally bound to help them in case of fire because they are part of the Lemon Grove school district."

PVT. MORANVILLE IS CLERK IN BERLIN

BERLIN—Army Pvt. Eugene B. Moranville, son of Mr. and Mrs. J. B. Moranville, 3745 Vista ave., Lemon Grove, is now serving in Berlin with the 6th Infantry Regiment.

The 6th Regiment guards American installations and undergoes intensive training in the former German capital. British, French, Russian and U. S. troops have occupied Berlin since the end of World War II.

A clerk in the regiment's Headquarters Company, Moranville entered the Army during August 1953 and arrived overseas last month.

'THE CREATION' TO CLOSE SUMMER SYMPHONIES

Lemon Grove concertgoers and lovers of choral art in particular are anticipating Haydn's "The Creation," which will bring the current series of Summer Symphonies to a close Tuesday night at 8:30 in Balboa Park Bowl.

Advance ticket sales indicate the performance, which promises to be one of the most thrilling of the season, will draw a capacity audience.

Haydn's masterful work, which will be produced locally for the first time, and conductor Robert Shaw's own national eminence in the Choral Arts field give Tuesday's presentation much significance.

Under the famed conductor's command, in addition to the 70-piece orchestra, will be five soloists and the 250-voice San Diego Symphony Chorus.

Heading the guest soloists will be the celebrated Metropolitan baritone, Mack Harrell, who won warm approval in his San Diego debut several weeks ago. Others are Blake Stern, tenor; Phyllis Moffet, lyric soprano; Thomas Pyle, baritone, and Patricia Beems, soprano.

The Friday Evening Chamber Music Concerts which Shaw has conducted this season wind up Friday night, Aug. 13, at 8:30 in Hoover High School Auditorium with a performance of Bach's dramatic "The Passion According to St. John." The work will be sung by a 50-voice chorus and seven soloists.

Tickets for both concerts are available at Palmer Box Office, 640 Broadway, San Diego.

McGUIRE VACATION NEARING THE END

California Living Show to Open in L.A. At Pan Pacific

Newest pace-setting ideas in home and living fashions will be highlighted in the fifth annual California Living Show, which opens August 10-18 at the Pan Pacific Auditorium, Los Angeles. Doors will be open daily from 1 to 11 p.m.

Outstanding will be the complete eight room house which Foster Rhodes Jackson, A.I.A., designed and is having built for Sally Rand. This house is being constructed at Ontario and will be moved into the Pan Pacific. Sally Rand will make personal appearances at the show.

Spanning the ages and the globe will be the $5,000,000 collection of antiques on display at the show. Exhibits, according to Gordon Pascal, producer of the show, will include furniture, glass, china, silver, objects d'art, paintings.

The Southland's famous decorators will do a series of rooms in contemporary and traditional style. Famous landscape architects will do outstanding gardens, including one rose garden, containing 20,000 roses. A deluxe trailer will be featured in its home port, with its suggested use as a cabana, for beach or mountain home or as guest house in the back yard.

We Wuz Scalped . . . Boy, did the pro redskins take the hide off our star (?) studded Navy-Marine team last Friday night at Balboa Stadium. Anyway it was a good rugged **track** meet. The lopsided score was 52-0 in favor of the Washington Redskins. The game started off with a bang! The all-stars received the pigskin and tore up the field for 30 yards. Their first play was a "button-hook pass" for 15 yards. The second play was an "off-slant slider" through right tackle for 8 yards. The third down saw the 'skins intercept. Enough said? The score speaks for itself! Some Helix guys 'n gals and friends were seen sprinkled throughout the 12,000 (bored) fans. Some were: Sally Culver, Carlos Fackrell; Marie Meluno, Steve Clarkson; Nancy Martinez, Manuel Lorrito; Carol Matson, Bob Turnbull; Stan Rose and his swimming pool gang from La Mesa, plus others.

Produced by the City Park and Recreation Department, the teen-age extravaganza will be presented at 8:15 both evenings during a one-week hiatus in the Starlight Opera program. Tickets are now on sale at all San Diego playgrounds, through members of the cast and at the Cerebral Palsy Foundation, which will deliver tickets to those who call BE 9-2032.

"Babes in Toyland," a Victor Herbert musical fantasy popular with all ages since its initial presentation in New York City in 1903, features such great musical favorites as "Toyland," "I Can't Do That Sum," and "The March of the Toys." Direction is in the hands of Carl Dewse, chorus; Walter Peterson, Youth Symphony; Charles Jeffers, dramatics and staging; and Maria Fielding, dance and general production. Scenery and costumes are being made in Balboa Park by young people in the operetta.

NAME COUNTY TOURIST BUREAU AND WIN AUNTIE A VACATION

If you submit the prize-winning name for San Diego's new tourist and convention organization, you will be able to bring uncle and auntie here from their home town for a one-week, all expense paid vacation.

San Diego newly-created tourist and convention organization is a combination of two former local corporations, the Visitors' Bureau and the Convention Bureau.

Mitchell Angus, acting head of the combined office, said that the organization will conduct a contest open to all San Diego County residents, to adopt a "fresh, distinctive title" for the new combine.

The contest starts this week and will close officially at midnight Wednesday, August 18. Entrants are limited to residents of San Diego County, and must be submitted upon an official entry blank, which may be obtained at the present Visitors' Bureau or at the Convention, both of which are located at 499 W. Broadway.

In the case of two or more persons suggesting the same name, the award will go to the person who writes the best essay in 25 words or less on "San Diego is America's best vacation area because . . . . . ."

The winner of the contest must list in his application blank the two persons to whom he wishes to give the free vacation trip. They must live in the same area in the United States.

The vacationists will be furnished transportation of their choice to come here for a week, and will receive their meals and lodging at a hotel or motel of their choice during their stay.

Submit essays to office of the Review.
